**MEMORANDUM FOR:** Chief of Operations, DD/P 28 December 1955

**SUBJECT :** Accompanying List of AQUATONE Officers

1. Some days ago at the conclusion of a conversation on the progress of AQUATONE I promised to supply you with a list of the senior staff members responsible for various phases of this project so you would know with whom to get in touch in case you had occasion to do business with them. I submit such a list herewith.

2. I would like to suggest that you provide copies of this list only to those other CS officers who are really likely to need it. I would prefer that it not circulate among individuals who are not at least well aware of the existence of the project.

**SUBJECT** : Project AQUATONE Staff Officers

The following are the more senior members with whom you and other CS officers may on occasion have reason to do business. Their titles give, I think, an adequate indication of their functions within the project. The staff assigned to AQUATONE is organized into four sections and the names of these individuals are grouped in this fashion.
